*Carbonation-safe
with our two-component
closures*

PRINTING & ENGRAVING

Premium 360° printing or engraving – vibrant, durable, and dishwasher-safe. Customize your sustainable water bottles with your favorite design, logo, or name. The perfect eco-friendly giveaways for employees and customers!

*Four transparent
bottle variants,
three closure options –
individually combinable*

ERGONOMIC DESIGN

Made from food-safe Tritan™, our Kavodrink Premium water bottles are BPA-free, pollutant-free, taste- and odor-neutral, lightweight, and shatterproof. The ergonomic recessed grips on both sides make them the perfect everyday companion – always within reach to keep you hydrated.

EASY TO CLEAN

Dishwasher-safe and heat-resistant up to 100°C. The transparent surface makes it easy to check the fill level and cleanliness.

SUSTAINABLE

Manufactured in Austria and Germany, we are dedicated to a sustainable and efficient circular economy where raw materials and energy are reused and kept in circulation.

WATER BOTTLES & CLOSURES

Our high-quality Kavodrink Premium bottles made of Tritan™ are perfect for you, your employees, or your customers. With ergonomic recessed grips, they fit comfortably in the hand, making hydration effortless. Combine elegant bottle variants and closure options to suit your style.

WATER BOTTLE

KAVODRINK PREMIUM

Our ergonomic water bottle is available in four transparent versions. Pick your favourite!

Available in:

CLEAR

BLUE

BLACK

COOL GREY

CLOSURE

PREMIUM

Our two-component premium cap with an integrated sealing ring is also suitable for carbonated drinks.

Available in:

BROWN

BLUE

GREY

CREME

FLIP-TOP

As an alternative to the premium twist-off cap, choose the clear flip-top cap – for quick opening and comfortable drinking. Perfect for sports, kids, and patients.

SPORTS

Ergonomic, grippy and one-hand operable – ideal for active lifestyles. Made using high-quality two-component injection moulding. Hand wash recommended.

Available in:

PRINTING & ENGRAVING

Customise your Kavodrink Premium bottle and 2-component closures to suit your needs. With nearly limitless design options, you can showcase your unique message perfectly.

PRINTING

DRINKING SCALE

Not only can you print your logo or design on your bottle, but you can also add our drinking scale - helping you keep an eye on your daily fluid intake at all times.

ENGRAVING

CLOSURE

Make use of the generously sized engraving surface on the Premium closures for your logo or design. There's also space for your employee's or customer's name - for a drinking bottle with a truly personal touch.

YOUR ALL-ROUND SPECIALIST

Contact us

We are your specialist in designing and printing sustainable water bottles for your business – with professional all-round service, fast delivery and attractive pricing, thanks to high-quality yet cost-efficient printing.

DIGITAL, SCREEN & LASER PRINTING

We know how to make your branding stand out and will select the most suitable printing process for your needs. With our in-house digital printing machines and trusted partnerships with leading print shops, we guarantee outstanding quality.

PRODUCT DESIGN & INNOVATION

We are constantly developing more sustainable and durable materials, along with new bottle designs, to make our water bottles and accessories even more practical and appealing.

SUSTAINABLE BRANDING

The print on our bottles is dish-washer-safe – turning them into popular brand ambassadors and long-lasting companions, both in and outside your company.
